THE BAKER STORE EQUIPMENT COMPANY

BINDERS NOW AVAILABLE

The Fibonacci Association is making available a binder which can be used to take care of one volume of the publication at a time. This binder is described by the company producing it as follows:

“...The binder is made of heavy weight virgin vinyl, electronically sealed over rigid board equipped with a clear label holder extending $2\frac{3}{4}$ ” high from the bottom of the backbone, round cornered, fitted with a $1\frac{1}{2}$ ” multiple mechanism and 4 heavy wires.”

The name, *FIBONACCI QUARTERLY*, is printed in gold on the front of the binder and the spine. The color of the binder is dark green. There is a small pocket on the spine for holding a tab giving year and volume. These latter will be supplied with each order if the volume or volumes to be bound are indicated.

The price per binder is \$3.50 which includes postage (ranging from 50¢ to 80¢ for one binder). The tabs will be sent with the receipt or invoice.

All orders should be sent to: Professor Leonard Klosinski, Mathematics Department, University of Santa Clara, Santa Clara, Calif. 95053.
